Onondaga Lake Partnership Forms Speakers Bureau

FOR IMMEDIATE RELEASE

Syracuse, NY – The Onondaga Lake Partnership (OLP) formed a Speakers Bureau as a free service to the community. The newly formed Speakers Bureau is comprised of representatives from a variety of state and federal agencies and local organizations working to revitalize Onondaga Lake and its watershed. Our speakers are available for your meetings, conferences, or other events to present information on a wide range of topics relating to Onondaga Lake and its watershed.

The OLP Speakers Bureau is available for:

- Civic and environmental organizations
- Schools and other institutions
- Business, industry, and related associations
- County and municipal government officials
- Special interest groups
- Other not-for-profit organizations

The OLP will match an organization's area of interest with the best speaker for that topic. The OLP's most popular presentation provides an overview of Onondaga Lake and its history of pollution, current cleanup, and revitalization program status. This presentation will be given on February 26, 2007, at the Liverpool Public Library at 7 pm, and on March 1, 2007, at 12 noon at the Solvay Public Library.

The Onondaga Lake Partnership promotes cooperation among federal, state and local governments, and other involved parties, in the management of environmental issues of Onondaga Lake and its watershed. Its members are: the U.S. Army Corps of Engineers; the U.S. Environmental Protection Agency; the New York State Department of Environmental Conservation; the New York State Attorney General's Office; Onondaga County; and, the City of Syracuse.

To request a speaker for an event or for more information about the program, please contact the OLP at 1-800-833-6390. Additional information about the OLP can be found by visiting their website: www.onlakepartners.org.
